EBERHART SLIGHTLYClose Race in Min-
nesota Primary.LAWLER IS RUNNING
CLOSE TO HAMMONDAttorney General Smith Evident-
ly Wins, While Fight for
Auditor Is Close.

St. Paul, June 17.—A close fight for the Republican nomination for governor, with the possibility that William E. Lee of Long Prairie has defeated Governor A. O. Eberhart by 15,000, is indicated by returns from 500 of the 2,900 precincts in the state.

On the Democratic side Dan W. Lawler of St. Paul is giving W. S. Hammond, the choice of the Democratic state conference, a close run for the nomination for governor.

Returns on minor offices on the Republican state ticket indicate that Attorney General Lyndon A. Smith has been renominated by a large majority over James Manahan, while Henry Rines and J. A. O. Preus are in a close fight for state auditor, and O. F. B. Jacobson has a safe lead over J. F. Rosenwald in the four cornered fight for railroad commissioner.

Indications are that all the other state officials who had contests are safely renominated.

Governor Eberhart carried Ramsey county better than two to one, but the vote was light and nearly complete returns indicate that his majority in the county will be only about 3,500. In 104 out of 140 precincts Eberhart had 5,911 to 2,821 for Lee.

Lee Carries Minneapolis.

Lee, on the other hand, carried Minneapolis and incomplete returns indicate that his net majority in the county will be about 1,500. Fifty precincts of 157 in Minneapolis gave Eberhart 3,721 and Lee 4,575.

Lee is running ahead of Eberhart in the rest of the state. In 247 precincts

GOVERNOR EBERHART.

outside of the three big cities heard from Eberhart has 10,570 and Lee 12,638.

Returns Are Very Meager.

If the same average is maintained throughout the state Lee would have a majority of about 20,000 outside the three cities. The returns, however, are so meager that they may be entirely changed.

Governor Eberhart carried Duluth nearly two to one and the iron range by a substantial vote, according to scattering returns. This, with the Ramsey county vote, will cut down Lee's majority.

One of the surprises was the large vote cast for D. W. Lawler in Ramsey county. In 104 of 140 precincts in the county Lawler had 4,809 votes to 1,259 for Hammond.

Reports had been that the Lawler faction of the Democrats was going into the Republican ranks to vote for Eberhart, but the small vote for Eberhart in Ramsey county and the large vote for Lawler indicates that the Democrats voted their own ticket.

Hammond is leading Lawler in the rest of the state by a big margin, but on the early returns the total Democratic vote was so small that for a time it looked as if Lawler's big lead in Ramsey county might give him the nomination.

Hammond Leads Lawler.

But on the basis of 105 precincts outside the three big cities, which

gave Hammond 1,845 and Lawler 1,371, Hammond should have a total of nearly 40,000 to 30,000 for Lawler.

Another surprise was the large vote cast for Julius Block for state auditor. Block had not been considered a factor in the race, but he seems to have obtained his big vote at the ex-

pense of J. A. O. Preus, who was generally considered a winner.

One hundred and twenty-six precincts outside the three cities show 3,796 votes for Henry Rines, 3,565 for Preus, and 3,345 for Julius Block. It probably will be necessary to count the second choice votes before the result is determined.

Another surprise was the large vote cast for Lyndon A. Smith for re-nomination for attorney general. Because of James Manahan's activity it was thought that he might give Smith a close race, but precincts first heard from give Smith 6,562 and Manahan 3,628.

The returns also indicate the nomination of O. P. B. Jacobson for railroad commissioner, with J. H. Rosenwald a close second.

In the first one hundred and five precincts heard from Jacobson had 1,336, Rosenwald 1,913, J. A. Arneson 1,454 and J. C. White 876.

H. T. Halbert will be the Progressive nominee for governor. The Bull Moose vote was only nominal, but what there was of it was mostly for Halbert, with scattering votes for E. N. Westerlund, his opponent.

RETURNS COMING

VERY CLOSE IN MINNEAPOLIS

Ernest Lundeen and George R. Smith

Having Neck and Neck Race for Republican Nomination—H. J. Maxfield Giving C. A. Lindbergh an Exciting Contest in the Sixth District.

St. Paul, June 17.—The slowness with which returns were made in the country districts made accurate estimates on the congressional fights difficult to determine. Most returns were widely scattered.

Sydney Anderson is practically assured the nomination in the First district. Mr. Anderson reported over the long distance telephone from his home at Lanesboro that things looked favorable for himself. He had reports from various sections of the district. They all favored Anderson.

The reports were that he was leading by ratios of two to one and three to two all through the district.

A hot fight was on in the Second district between Julius Hayscraft and F. F. Ellsworth. Ellsworth was reported to have carried Mankato by 600 and Blue Earth county by 1,000.

H. J. Maxfield was leading C. A. Lindbergh by 131 in reports from widely separated sections of the Sixth district. These reports gave Maxfield 500 and Lindbergh 369.

In the Eighth district C. B. Miller led J. P. Boyle in three precincts of Duluth by 382 to 136. Reports were that he was leading Boyle 3 to 2 in the county.

Figures from Minneapolis showed one of the closest battles of the primary campaign being waged in the Fifth district between Ernest Lundeen and George R. Smith. They were running neck and neck.

Tenth District Returns Slow.

Figures could not be obtained on the fight in the Tenth district due to the delay in sending them in. V. L. Johnson, L. E. Jepson and Adam Bede are all fighting for the nomination.

How M. C. Bowler and John Long, both Democrats, stood in the Fifth district could not be learned. The standing of Harry Swenson and A. S. Dowdall, both Democrats running in the Tenth district, could not be completed.

Late returns from scattering sections of the Eighth district showed Miller led Boyle by 839 to 565.

There were no congressional contests in the Third, Fourth and Seventh districts. Congressmen C. R. Davis of St. Peter, F. C. Stevens of St. Paul and A. J. Volstead of Granite Falls having no Republican opponents.

H. H. Witherstine of Rochester is the Democratic candidate in the Second; Jean Plittie of Mankato in the Second; Carlos Avery of Hutchinson in the Third; C. C. Van Dyke of St. Paul in the Fourth; Dr. J. A. Du Bois of Sauk Center in the Sixth and Andrew Nelson of Duluth in the Eighth, none of them having opposition at the primary.

Progressive candidates for congress are J. Q. Mackintosh of Stillwater in the Third; J. E. Learned of St. Paul in the Fourth and Thomas Schall of Minneapolis in the Tenth, none of them having a primary contest.

Louisiana Mob Foiled.

Shreveport, La., June 17.—A mob estimated at 4,000 men stormed the jail here in an attempt to lynch Frank Mathis, a negro under arrest charged with the death of Vincenzo Tumino. Sheriff Flournoy, assisted by a large force of deputies, rushed the negro out just as the mob broke into the building through windows at the rear.

CLAIMS EBERHART VICTORY

George Authier Says Governor Has Won Primary Race.

St. Paul, June 17.—George Authier, following a telephone conversation with Governor Eberhart, declared that the governor has won the nomination.

"We are confident that Governor Eberhart has won the nomination," said the governor's secretary and campaign manager. "The returns so far received are in the majority from districts where the governor did not expect a large vote. He is strong on the iron range and we are satisfied that later returns will show him leading."

"We concede defeat in Hennepin county."

CLOSED BULKHEADS
AFTER COLLISIONCaptain Kendall Testifies in
Empress Wreck Probe.

Quebec, June 17.—Evidence amplifying known conditions in regard to the cause of the disaster to the Empress of Ireland at Father Point in the St. Lawrence river on May 29 was brought out at the opening session of the investigating Dominion commission, of which Lord Mersey is chairman.

Captain Kendall of the Empress of Ireland acknowledged that although he knew a collision to be inevitable when the Storstad came at the Empress in the fog it was not until after it had occurred that the order to close the bulkheads was given, by which time three compartments had been exposed to the sea.

The arguments of Captain Kendall that he was stationary when rammed by the collier Storstad and of owners of the collier that the Empress placed herself in front of the Norwegian vessel, which had the right of way, were emphasized.

Captain Kendall was on the stand for several hours.

New chapters illustrating the horror of the disaster were added by Captain Kendall in his testimony, the most startling being his description of how a sheet of flame burst from the Empress after she was rammed.

CUP CROSSES THE OCEAN

English Polo Team Wins Victory Over Americans.

Meadowbrook Club, Westbury, L. I., June 17.—The international polo cup, emblematic of the world's championship, will cross the ocean again. It was won by the English in the second game, 4 to 2. Although the American defenders made a desperate last ditch stand they were not quite equal, thus forcing the challengers into a deciding contest. Their thrilling rushes, individually and as a team, in the closing minutes, aroused the 40,000 spectators to a frenzy, however, and no previous international polo struggle ever closed under such tense conditions.

Hamburg Liner Captain Says Pretoria Was on Proper Course.

New York, June 17.—Captain Dugge of the Hamburg-American line steamship Pretoria places upon the steamship New York of the American line the blame for the collision between the two vessels in the fog about 400 miles east of Nantucket Saturday morning. He asserts that the Pretoria was on her proper course, according to a wireless message.

WHO WILL BE THE
NEXT PRESIDENT?

Politicians In Washington Dis-
cuss the Possibilities.

BUT THERE'S MANY A SLIP.

People Generally Are Not Discussing Political Matters, and Little Interest Can Be Aroused—Everybody Too Busy Engaged In Attending to Personal Affairs—Marshall's Logic.

By ARTHUR W. DUNN.

Washington, June 17.—[Special.]—Presidential possibilities in the senate of the United States formed a topic of conversation the other day. The conclusion was reached that there would have to be quite a number of political changes before any of the several men who might be president would be taken from the senate.

On the Republican side the men who might be possibilities are Cummins of Iowa, La Follette of Wisconsin, Borah of Idaho, Kenyon of Iowa, Lodge of Massachusetts, Norris of Nebraska, Root of New York and William Alden Smith of Michigan. On the Democratic side the list contained Vice President Marshall, James of Kentucky, Johnson of Maine, Kern of Indiana, Lea of Tennessee, Lewis of Illinois, Newlands of Nevada and Hoke Smith of Georgia.

Then began the work of elimination, and when the men who were thus speculating got through there were not many names left. Age will make the consideration of a number of men impossible; but, what is more to the point, it is nearly three years before candidates will be chosen, and much will happen in that time in the way of making the next president of the United States.

Would Like Actual Facts.

If there is one thing more than another that senators and representatives in congress would like it is a better knowledge of political conditions existing throughout the country. Those men who are in politics and who want to be re-elected are much concerned as to what is going on throughout the country.

Judging from the lack of information, it must be that little in the way of politics is discussed in the country at the present time. This is generally taken as an encouragement by those who are in office as it is only when political disruptions are apparent that those in power become frightened. Perhaps the people of the country are too busily engaged in attending to their own affairs to pay much attention to politics.

Logic of the Vice President.

Vice President Marshall was sitting in the cloakroom chatting with senators on different topics and the subject of cloture—shutting off debate—in the senate came up.

"When I first came to Washington," remarked the vice president, "I believed in cloture, but after watching the senate for more than a year I have come to the conclusion that there is less danger in talking than there is in legislation."

The vice president has no patent on that idea. Any man will come to the conclusion that if more time is occupied in long discussion and debate the general result is better legislation. And more than that, even if there is no legislation the harm is not apparent. One thing is absolutely certain. Long debates cannot prevent legislation which the large majority of the people throughout the country desire.

Taft and Wilson Definitions.

There has been considerable said first and last about an expression of President Wilson when he told a delegation of business men that business conditions were a matter of psychology and that if they would only think so they have got business. This recalls to mind that when many delegations of farmers came to Washington to protest against the Canadian reciprocity bill President Taft told them that they were "seeing ghosts." The two definitions mean much the same thing, but it is remembered that the farmers of the country turned their "ghosts" into votes when they had the opportunity.

An Impending Change.

If this session of congress adjourns soon enough there is going to be one great change in the house wing of the capitol. The big reception room of the speaker is going to be renovated. Plans have been made to take up the carpet which was put down when Seneca E. Payne occupied the room as chairman of the ways and means committee. This carpet still holds a great big black splotch when an ink bottle was overturned a decade ago. The curtains on the bookcases, which hang in shreds and rags, are literally falling to pieces, having been there since William M. Springer of Illinois was chairman of the ways and means committee, and are also to be removed.

Wanted Rural Credits.

Congressman Thompson of Oklahoma is not satisfied with the present legislative program. Speaking in the house one day, he said: "We have pledged the people of this country in our last platform rural credits. Is a platform molasses, made to catch flies?" "Yes, yes," came the chorus from the Republican side, followed by a roar of derisive laughter.

MEDIATION SCHEME
NEARING COLLAPSERebels Again Refuse to Declare
an Armistice.

Niagara Falls, Ont., June 17.—Justice Lamar and Frederick W. Lehman, America delegates to the mediation conference, went to Buffalo and talked four hours with Rafael Zubaran and Luis Cabrera, personal representatives of General Carranza.

Their purpose was to find some way to bring the Constitutionalists in harmony with the scope of mediation. The mission was a failure.

The Constitutionalists' representatives, who had come from Washington especially to see the American delegates, told them why they could not agree to an armistice; why only a man prominent in the Constitutional ranks will be accepted by them for the provisional presidency and finally they said they believed the Constitutional army would settle the Mexican problem soon if left unhampered by foreign complications.

The Americans returned to Niagara Falls feeling that so far as the political pacification of Mexico is concerned mediation has accomplished nothing and probably the end of the conferences was very near.

MINISTER STILL MISSING

Detroit Police Unable to Find Rev. L. R. Patmont.

Detroit, June 17.—After investigating scores of rumors as to the whereabouts of Rev. Louis A. Patmont of Milwaukee, who disappeared here, the police searched from cellar to garret the house where the missing local option worker has been living and then admitted the mystery is still as deep as ever.

"We have not one definite clue to help us in the hunt for him," the captain of the local detective bureau said. The minister's wife said she was the last friend or relative who saw Mr. Patmont before he dropped out of sight.

The building, erected more than fifty years ago, formerly was used as a shoe factory and its timbers were impregnated with oils. The heat was intense.

Rebel General Resigns From
Constitutionalist Army.

CONTROLS NORTHERN MEXICO

Differences Between Villa and Carranza Result in Former Starting Out in His Own Way by Seizing Telegraph Offices, Customs House and Treasury Department at Juarez.

El Paso, Tex., June 17.—General Villa tendered his resignation to General Carranza within the fiscal week, it became known. Villa's various military chiefs sent a "round robin" to Carranza, declaring that they would accept none other than Villa as leader. General Villa ordered all commanders of garrisons throughout the territory he controls to report at once at Torreon.

El Paso, Tex., June 17.—Villa and Carranza at last have broken. Villa has resigned as second chief of the Constitutionalist army and commander of the northern military zone in Mexico. His men seized the information bureau and telegraph offices, the customs house and the treasury department at Juarez, which have been in charge of Carranza appointees.

Private advices received here told of similar action in taking over Carranza offices at Chihuahua City and Torreon. The entire northern part of Mexico evidently is in the power of Villa's military leaders. The seizure of the offices is taken here as conclusive evidence that the long predicted split has come between Carranza, leader of the Constitutional revolution, and his most successful chieftain.

H. Perez Abreu, Carranza's publicity agent, was reported as jailed and it was made known that nearly all of the employees of Alberto Paul have been arrested.

Pani has been in charge of the treasury department at Juarez and has been the trusted relay man in the recent exchanges between Carranza, from Saltillo, and Rafael Zubaran, at Washington, who in turn transferred the messages to the mediators at Niagara.

Bonilla Ordered to Torreon.

Manuel Bonilla, Villa's confidential agent at Juarez, said that he has been ordered to hasten to Torreon to confer with his chief.

Although Villa's persistent military successes had occasioned speculation regarding his relation with Carranza the matter did not receive serious consideration until the appointment by Carranza of General Panfilo Natera as commander of a newly created military zone.

Natera's appointment placed him in charge of a strip of country which Villa previously had planned to invade, including the yet uncaptured city of Zacatecas. Natera attacked Zacatecas while Villa remained at Torreon, viewing the experiment from the rear.

According to reports from Mexico City, completely confirmed by private advices from the revolutionists' front below that point, Natera was defeated decisively in frequent attempts to take the city.

Then it was that Carranza requested Villa to rush to Natera's assistance. This was several days ago and in the meantime reports continued to arrive of Natera's defeats. Villa remained at Torreon.

The matter of who should regulate the public service in northern Mexico admittedly has been a bone of contention between Carranza, the leader, and Villa, the subordinate. Under the old federal regime the railroads and telegraph were subject to the central control from the national capital.

All the officials ousted by Villa were appointees of Carranza, whose civil cabinet had taken over the management of the railroads and telegraph, and incidentally the information bureau, in accordance with the prescribed custom in Mexico.

LOOKS LIKE LEE BY SAFE MAJORITY

Maxfield and Lindbergh Running Neck and Neck in District with all Returns Necessary

TO DECIDE THE VICTORY

County Returns Incomplete but Enough Received to Indicate who will be Nominees

Election returns are coming in slowly and an anxious public has been busy with telephone and telegraph to learn the latest and "who was nominated." Nineteen precincts out of 47 in the county indicate that Gov. Eberhart will lead Lee by 200 votes.

Lindbergh carries the city over Maxfield by 61 votes, the total vote in the 19 precincts for each candidate being Lindbergh 774, Maxfield 573. It is expected that Lindbergh's lead will be increased when the entire vote is in. A telegram from Wadena says that out of 85 precincts in the district in a total of 397 the vote for Lindbergh is 2755, Maxfield 2728, which would indicate that the vote will be a close one.

The vote in this county on senator in the 19 precincts is as follows: Gardner, 593; Johnson, 713; Opsahl, 828.

In the same precincts the vote for representative for Crow Wing county stands: Edquist, 203; Hennings, 625; Fleming, 655; Syverson, 715.

The vote on county auditor in the 19 precincts is: Searle, 319; Treglawny, 752; Mahlum, 800.

For sheriff Theorin has a long lead in the precincts heard from, his vote being 1141; Kronberg, 348; Olson, 287; McCabe, 206.

The vote on county attorney gives Alderman the lead so far as heard from by the following vote: Alderman, 861; Swanson, 694; Marcus, 299.

The vote on county commissioner in four precincts of the second district give Krech, 108; Matthison, 94; Peterson, 47; Henderson, 33; Holmes, 27.

The vote for commissioner in the fourth commissioners district, gives Gust, 239; Poppenberg, 172; Hall, 108; Welch, 75.

A tabulated statement of the vote will be published Thursday evening with the returns complete up to that time.

A telegram from Little Falls gives the vote on senator in the city and 21 outside precincts in Morrison county as follows: Gardner, 627; Johnson, 590; Opsahl, 415. The total vote on senator as far as heard from in the two counties is: Gardner, 1220; Johnson, 1303; Opsahl, 1243.

In the city of Little Falls and 14 precincts in Morrison county Lindbergh receives 555 votes and Maxfield, 179.

BULLETIN ON ELECTIONS

Special to Dispatch:
St. Paul, Minn., June 17—(12:35 P. M.) Additional returns indicate Lee's majority over Eberhart may reach 25,000.

Hammond's lead over Lawler is estimated at 10,000, the former is running far ahead of his opponent in the country.

Rines and Preus are neck and neck in the race for state auditor, the latter having a slight lead.

Smith for attorney general has a strong lead over Manahan.

Hayercraft wins the republican nomination for congress in the second district and Smith was renominated in the fifth. Jepson is leading in the new tenth district.

W. G. Nye and J. G. Williams are the nominees for mayor in Minneapolis.

HAMMOND MAY LOSE NOMINATION

Special to Dispatch:
St. Paul, Minn., (3 P. M.)—Indications point to the possibility that W. S. Hammond has failed to receive the democratic nomination for governor and that J. A. A. Burnquist, of St. Paul, has failed for renomination for lieutenant governor. These are the features of the late primary election returns today.

The late figures did not change the standing of the two candidates for the republican nomination for governor, the indications still being that Lee will have a net majority of 15,000 over Governor Eberhart.

MACK'S INDIAN BATTERY

Altoona, Penn., Times Refers to Joe Graves and John Graves, His Brother

"Mack Has Indian Battery Planted" reads the headline of a story in the Altoona, Pennsylvania, "Times," referring to young Joe Graves and John Graves, his brother. The article states:

"Connie Mack has an Indian battery in the incubator. If he ever gets ready to spring it he will have a battery unique in the majors, as the Indians are brothers.

Connie's young redskins are John and Joe Graves. Joe, eighteen, is a pitcher, John, twenty, is a catcher. They are fellow tribesmen of Chief Bender.

The Graves brothers played ball on the reservation and later at Flanagan school. Joe attracted Mack's attention while pitching for Brainerd, Minn., where Joe Leslie Pugh got his start."

CHAUTAUQUE GREW IN FAVOR

Last Night of the Week's Session Found Every Seat in Big Tent Occupied

QUINTANO'S BAND PLAYED

Supt. J. N. Naley Announced that There was Every Assurance of Chautauqua Next Year

The Chautauqua wound up in a blaze of glory Tuesday evening with a burst of melody, Quintano's celebrated band playing "The Star Spangled Banner," the audience and the band rising to their feet.

This superb band, under the leadership of the eccentric Quintano, fully maintained the reputation of the Italian race for musical pre-eminence. Bred and born to music and brought up in the very atmosphere of melody, the Italian, after all, is the premier musician of the world. Quintano showed his qualities as a great leader.

Inspiring music, including many of the great classics from the old masters, interspersed with popular and patriotic airs and the late musical hits, even ragtime, made up a program in which every one found some delight. The applause was frequent.

An "echo" selection was played, the band playing an accompaniment to two musicians in the block south and to another stationed a block north. The effect was positively uncanny as all followed each move of the baton and played in perfect harmony.

In a closing address, J. N. Naley, superintendent of the Chautauqua, said he was gratified at the attendance which had steadily risen from the first night and culminated with crowded tents on the closing day and night. He said that a Chautauqua in Brainerd next year was practically assured. Brainerd had proven a much better Chautauqua town than Grand Forks, but had been excelled by Crookston.

Shortly after the performance the tent was packed up and today the grounds are deserted and the Chautauqua is at Little Falls.

Obituary

Olof Peter Erickson, sheriff for twelve years of Crow Wing county and later engaged in the real estate business in Brainerd, then farming in Deerwood township, was born February 4, 1857 at Wernland, Sweden, and was a son of Eric and Maria Erickson, both natives of the same place.

Mr. Erickson received his education in the common schools of Sweden and when a young man emigrated to the United States, landing at New York June 11, 1877. He located at Minneapolis, where for a year he worked as a laborer, and then until 1881 worked at lumbering and various other occupations as opportunity offered. He then entered the employ of the Northern Pacific railway as foreman and lumber inspector, making his home in Brainerd and worked there until 1891.

Until 1896 he was engaged in lumbering and in that year was elected sheriff of Crow Wing county being re-elected continuously and holding office until January 1909.

He now turned his activities in the line of real estate and his other business interests. He took an active interest in public affairs and did much toward the growth and up-building of the community. He lived up to his beliefs and principles, standing for right and justice in all things. He was a member of the school board, being president in 1892 and treasurer in 1893. He was also at that time president of the Cooperative Store and vice president of the Building and Loan association, both of which are now out of business.

He was a member of the Ancient Order of United Workmen, Modern Woodmen of America and the Yeomen. In political views he was an independent. Mr. Erickson married June 23, 1883, Betsy C. Johnson, daughter of Olof Johnson, of Wright county, Minnesota and their children are Mamie V. living at home; Clara C., married, now Mrs. Carl Shuholm of Portland, Oregon; Walter Edwin, died in infancy; George Lester, at home. He had one brother, August Erickson, of Minneapolis and one sister, Mrs. Louis Borgen of Hartland, Minn.

A coincidence is the fact that he landed in New York June 11, 1877 and died June 11, 1914, just 37 years to the day.

At Bremen, Ga., W. M. Golden, of the Equitable Life Assurance Society, says he found Foley Kidney Pills to be the best remedy for kidney and bladder troubles, also for rheumatism. He says, "Any person having kidney trouble, backache, or rheumatism should be very glad to find such a wonderful remedy." H. P. Dunn.—Adv.

WOODROW BASEBALL DOPE

Lady Fan of Woodrow Sends in Version of Game Which M. & I. Played with Woodrow

The Dispatch has received a communication headed, "Woodrow Baseball Dope, Straight from the Bat," written by a lady fan of Woodrow and is pleased to give it publicity:

"Being a Woodrow baseball fan, I would like to say a word in regard to the ball game on June 7, between the M. & I. clerks and the Woodrow Eagles, (instead of the Woodrow Giants, there being no team by that name.)

"According to the account of the game on Monday's daily, the M. & I. boys would like to have it look as though they didn't get fair play, and that this was the reason they got so badly beaten by the Eagles. They had their umpire as well as the Eagles.

"The score stood 3 to 9 at the end of the eighth inning in favor of the high flying Eagles, when the game had to be called on account of rain. This was a very slim show for the M. & I. boys to even up the score, with the hard hitting Eagles yet to bat."

It enriches the blood, strengthens the nerves, helps your whole system. A remedy you should take every month anyway whether you are sick or not. It's Hollister's Rocky Mountain Tea, take it regularly, 'twill make and keep you well. 35c. Tea or Tablets. H. P. Dunn.—Adv.

At the Grand
Of course the Mexican war offered a great field for the versatile movie man and one of the cleverest dramas produced "The Mystery of the White Car" deals with the smuggling of ammunition across the border. The Grand have secured this timely film for Wednesday and Thursday. This is probably one our best feature films and has been a great drawing card in the cities.

Revenge of an Eagle.
This may seem a wildly impossible story, even in the annals of the royal and ancient game, but golfers will be golfers, you know, says the London Citizen in telling it. He said he drove hard and so high that a lady eagle who was winging her way over the course received a little white ball smack on the side of her head. The ball dropped about seventeen inches from the hole the golfer was playing for. Meantime the eagle paused in her flight and, after circling round a few times in a considering mood, swooped down and deposited an egg between the hole and the golf ball. In revenge she had laid the golfer a symple!

BRAINERD WITNESSES
The Names of Brainerd Persons Familiar to All

Who are the witnesses?
They are Brainerd people—Residents of Brainerd who have had kidney backache, kidney pills, bladder pills; who have used Doan's Kidney Pills. These witnesses endorse Doan's.

One Brainerd resident who speaks is D. M. Clark, hardware dealer, of 501 N. Fifth St. He says: "I have often recommended Doan's Kidney Pills for I have known of their merit for some time. I procured Doan's Kidney Pills at H. P. Dunn's Drug Store, and have always found that they act just as represented."

Mr. Clark is only one of many Brainerd people who have gratefully endorsed Doan's Kidney Pills. If your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Clark had—the remedy backed by home testimony. 50c all stores, Foster-Milburn Co., Props., Buffalo, N. The Town to Be Born In.
In the German town of Klingenberg, near Aschaffenberg, Bavaria, in addition to having no rates to pay for the upkeep of the town, those actually born in the parish receive from the municipality a sum of \$12 15s. a year. This sum, if invested regularly at, say, 3 per cent, would entitle the owner to receive about \$1,500 at the age of sixty—a very handsome old age pension. Were it not necessary that the inhabitants should prove that they were born in the parish before becoming entitled to this payment the popularity of Klingenberg as a place of residence would doubtless be enormous.—Westminster Gazette.

Starting and Stopping.
Many a man starts on a honeymoon only to come back on a lecture tour—Smart Set.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Catarrh Pills for constipation—Advt.

If You Could--

Separate the most nutritious part of the kernels of choicest white corn—

If you could cook this carefully selected part just as we cook it—

If you could cure, sweeten and salt it to get the same delicious, delicate flavor that we get—

If you could roll each separate bit, thin and ribbony, under 40 tons pressure—

If you could pass the flaky bits in at the top of a great oven 30 feet high, through which they would slowly move to the bottom and come out toasted to a golden-brown—and all this, without being touched by hand—

Then 'most anyone could make his own
